

Marine/RV Water Heaters

Distributed exclusively in Australia by:

Marine/RV Hot Water Systems

All Kuuma Marine/RV Water Heaters come standard with 240 Volt electric elements and High Performance Heat Exchange capabilities.

Australian Standards Certified : Approval No. ESO130840

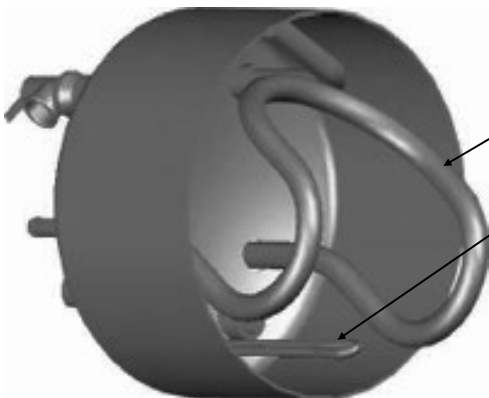

Kuuma Products Marine/RV range of water heaters have been certified to AS/NZS 60335.2.21 2002 incl. amend. 1-2 & 3

- ✓ 1500 Watt 240 Volt AC Heating Element
- ✓ Large Heat Exchanger
- ✓ TIG Welded Aluminium tank construction for superior strength
- ✓ ETL Certified to UL174 / CE Certified (Includes Marine Supplement)
- ✓ Ignition Protected Controls
- ✓ Remote Re-settable High Temperature Limiter
- ✓ Casing, tank, and heat exchanger are all aluminium.

Controls are Ignition Protected
All plumbing and controls are on the front for easy access

Note: T&P Valve Type: 100psi & 210° F, AU Cert.

Cut away of a 6 Gallon Heater with a front Heat Exchanger

High performance heat exchange circuit

1500 watt AC Heating Element

Available Size/Mount Options

24 Litre - #40610 (side mounts) #40611 (front/rear mounts)
 45 Litre - #41110 (side mounts) #41111 (front/rear mounts)
 75 Litre - #41810 (cross mounts) Vertical #420102 (front/rear mounts) Horizontal
 100 Litre - #426510 (cross mounts) Horizontal— (By Special Order)

Voltage: 110-120V AC, available for Nth. American built boats (extra charge applies)

Why should I buy a Kuuma Hot Water System?

1. Performance

- ✓ 1500 Watt AC Heating Element
- ✓ High performance heat exchange circuit.

2. Safety

- ✓ Certified to AS/NZS 60335.2.21 2002 incl. amend. 1-2 & 3
- ✓ Controls are Ignition Protected (important for petrol engine vessels).
- ✓ Temperature limited to 60°C to prevent scalding (on 240vac circuit).

3. Quality & ease of installation

- ✓ 1 year warranty on all components
- ✓ Chosen by the world's best boat builders: Azzurra (Marten Yachts), Beneteau, Campion, Christcraft, Crownline, Doral, Donzi, Hunt, Hunter, Leopard, Nordic Tug, Mustang, Princecraft, Riviera, Sabre, etc. etc.
- ✓ Direct replacement for Seaward and Atwood systems (similar sizes and same plumbing fittings)
- ✓ Now being fitted into Motorhome conversions

4. Cost

- ✓ Lower cost than all other marine storage hot water systems
